

Overview

The Invoice Detail report shows invoice details. Review the invoice header information by clicking on the Header tab or review the lines by clicking on the Lines tab. Use the Invoice Design Tool to create an invoice format and reprint the invoice according to that format. It's a quick and easy way to get invoice information in a PDF file so that it can be emailed to the customer if they request it.

Click on any column in the grid to sort by that column. This makes finding problems on the invoice a snap. Review what was ordered against what was shipped to determine potential problems with inventory and on hand quantities.

DAC Office - Invoice Detail

Invoice Detail : 4720
